

Quality Policy Statement

This is the Quality Policy Statement of: Green Piling Limited

Green Piling Limited aim for the highest standard of piling provision within the UK construction industry and intend to retain their position as a leading contracting organisation by continuing to provide client satisfaction and to generate further business opportunities through operating in a safe, efficient, and profitable manner.

The principal aims of the company are:

- To have a real understanding of clients and their business requirements.
- To satisfy applicable requirements.
- To strengthen relationships and encourage repeat business with existing clients.
- To continually strive to improve our performance through management reviews, customer feedback and continuous improvement of business processes.
- To develop staff potential through the provision of appropriate training.
- To engender a positive commitment to quality and create an environment of teamwork and co-operation that enables staff to work effectively.
- To support staff in their day-to-day work by developing an accredited management system that links all business activities within the organisation.
- Ensure that the management review meeting sets and reviews the quality objectives and reports on the internal audit results as a means of monitoring and measuring the processes and effectiveness of the Quality Management System.
- Transition to ISO9001:2015 by September 2018.

The Directors of the company have specific responsibility for providing the necessary organisation and resources to implement this policy in all aspects of the business – design, manufacture, construction, plant and support activities.

All personnel understand they have a responsibility for ensuring the quality of their work meets the requirements defined within the company procedures and quality management system.
