

Greenpiling

## Industrial Units – Woodingdean Business Park - Brighton

### Details

This site previously housed a bakery, following demolition of this building, it was apparent that additional retaining walls were required to extend the basements onto the new building line. An agreed sequence of works was critical as both piling and excavation levels varied significantly across the site. Green Piling installed the main retaining wall plus two smaller retaining walls and bearing piles during a 4 week programme.

### Key Information

<b>Duration</b>	3 Weeks	<b>Number of piles</b>	140 Piles
<b>Rig</b>	Soilmec 312	<b>Pile Loads</b>	350kN
<b>Piling System</b>	CFA	<b>Pile Lengths</b>	Up to 13M
<b>Ground conditions</b>	Chalk	<b>Testing Regime</b>	Integrity
